FZ-94 EVO

BY COFFEE-TECH ENGINEERING

DESCRIPTION

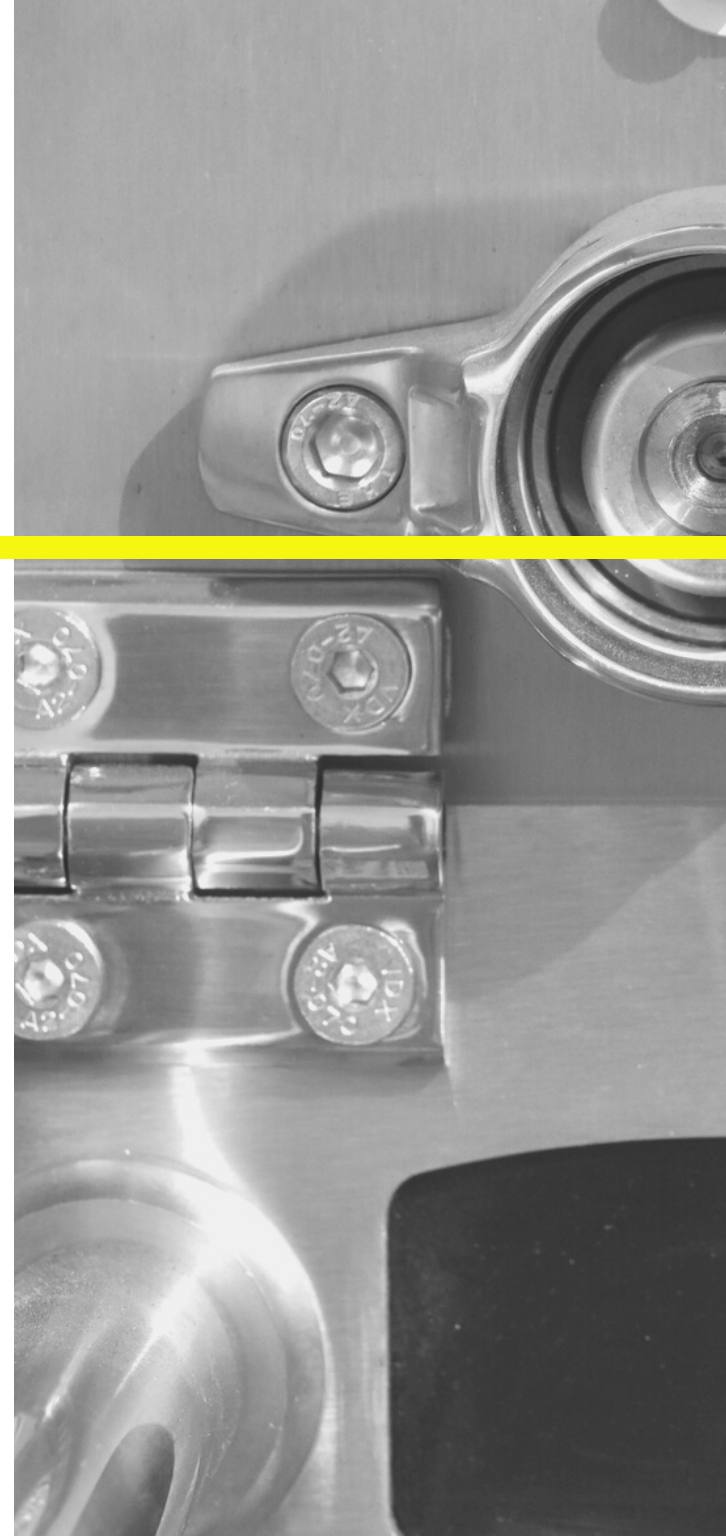

The FZ94 Evo gives roast masters intuitive control and unrestricted flexibility over the complete roasting process in every cycle. Leveraging the benefits of our award winning FZ94 Pro-Lab, it marks an evolution in advanced lab and shop roasting.

WHAT'S NEW?

- **AUTOMATED Roast Profiles:** repeat your custom-designed profiles
- **Intuitively Operated:** using a high-end touchscreen
- **Efficient Control:** electric-driven heat modulation, from 1 to 100%
- **Wide Range of Batch Capacities:** from 100g all the way to 2.4kg
- **Drum Speed and Venting Control:** for precise results
- **Plug-and-Play Operation:** intuitively easy to use
- **Precise Monitoring:** via individual probes and PID controllers
- **Seamless Data Logging:** record and analyze of your profiles
- **Small Footprint:** and stunning design

WHY EVO?

Superb for easily repeating your automated profiles across a vast roast range, this lab and shop roaster is designed for accuracy, efficiency, and reliability. The **FZ94 Evo** propels your evolution as a roast master.

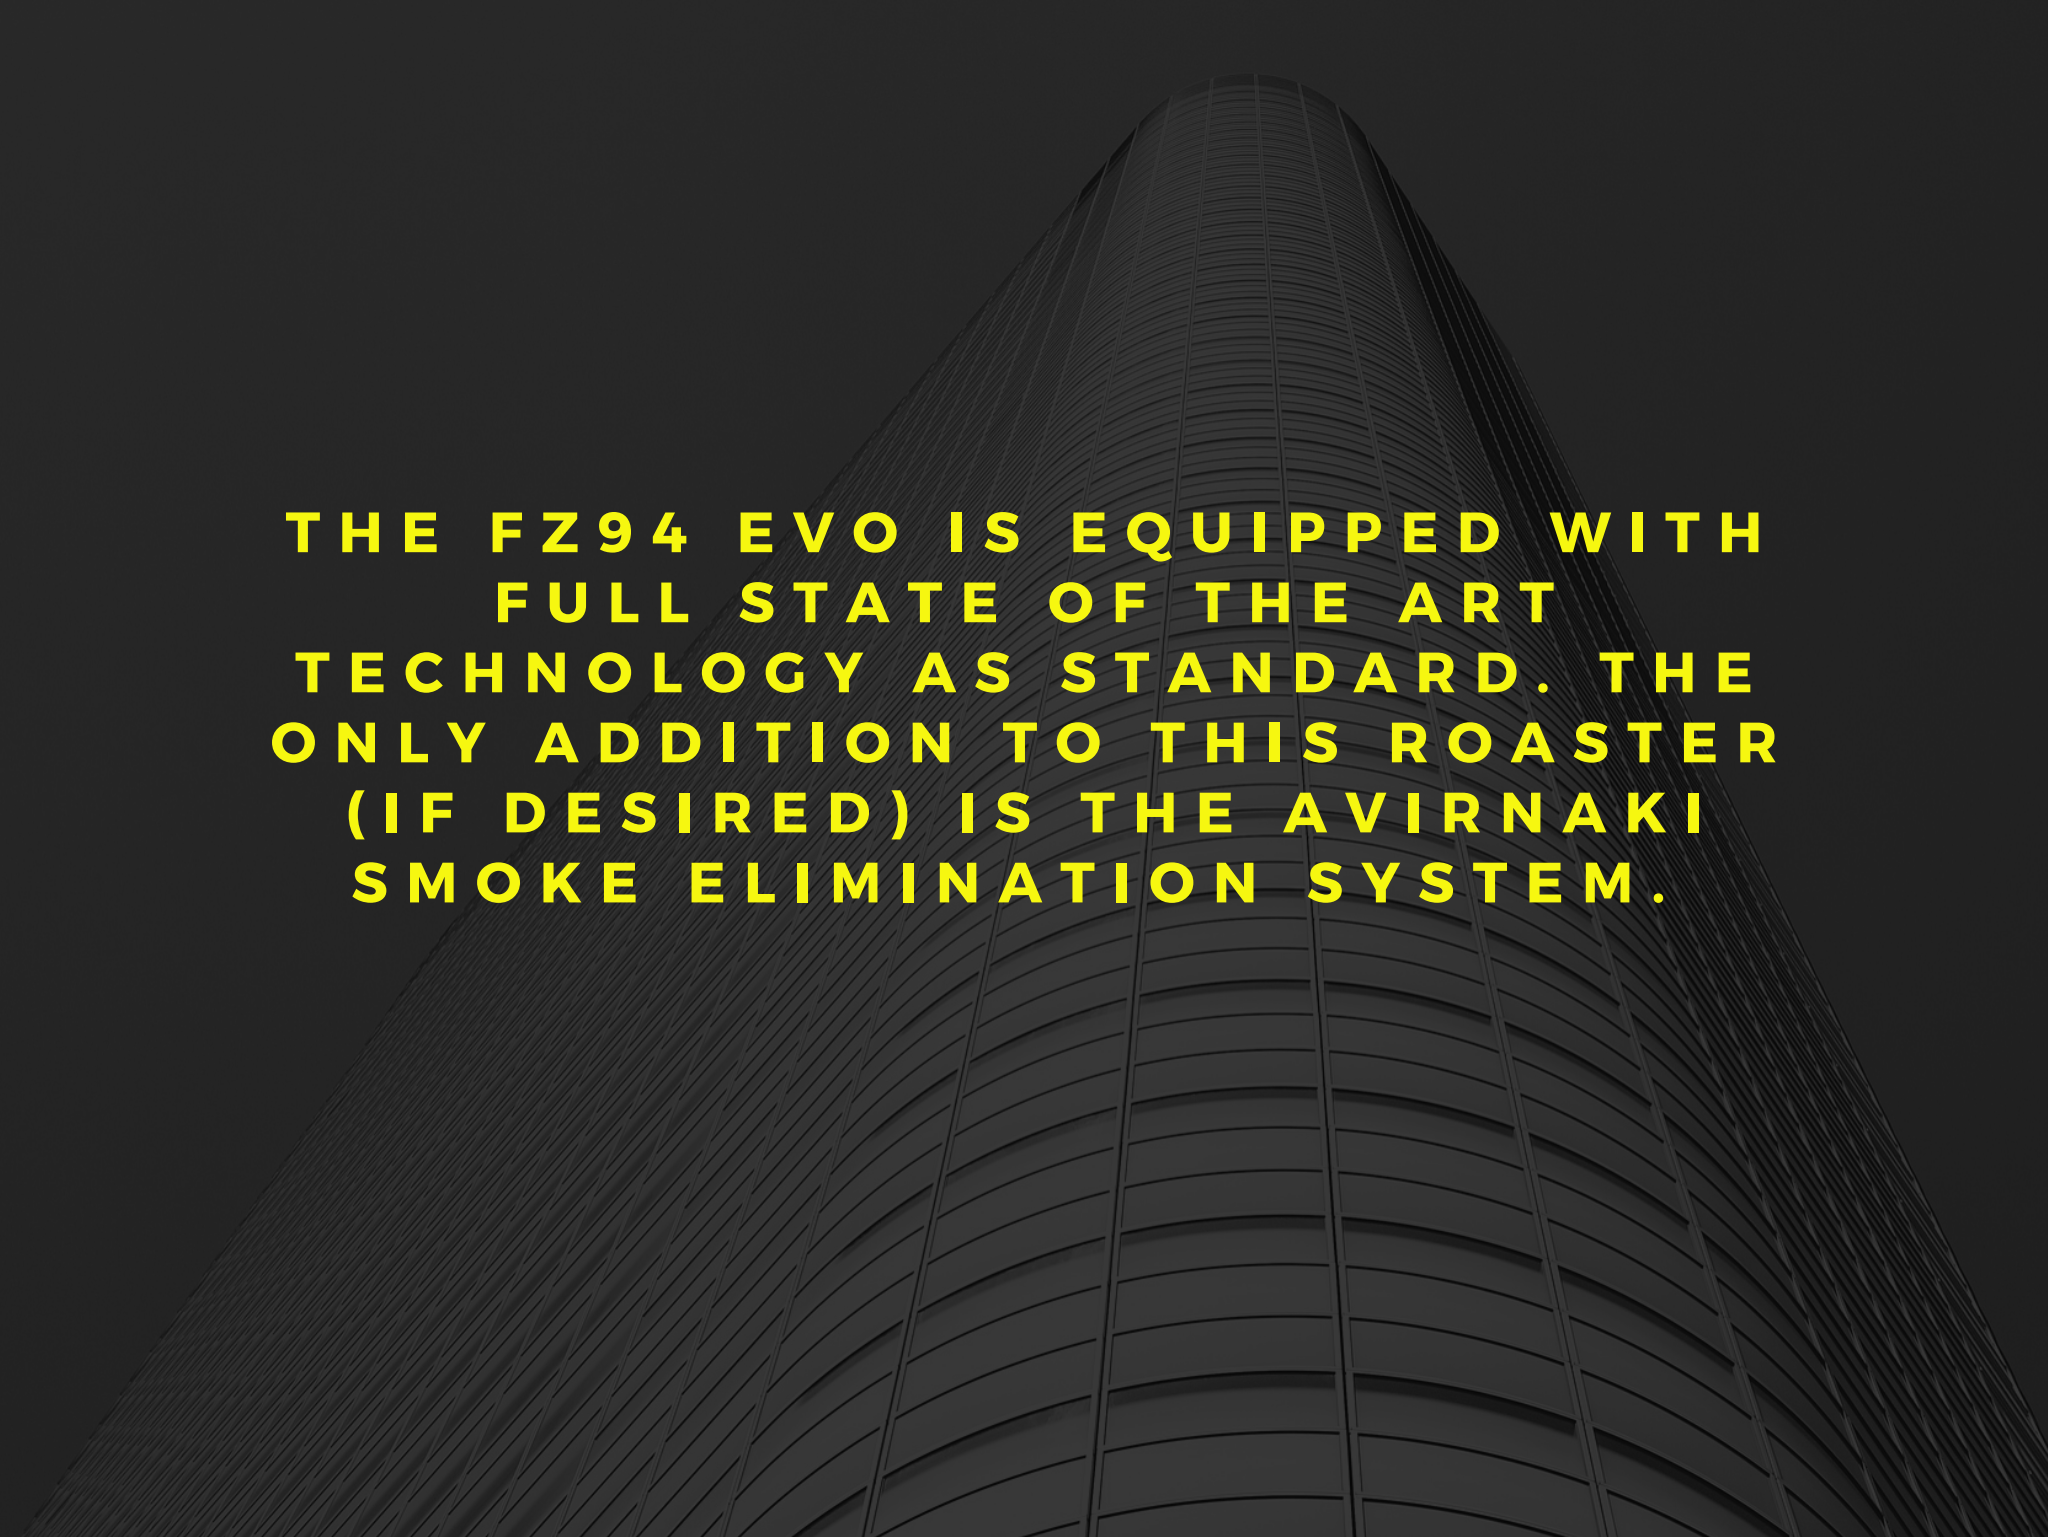

FZ - 94

FEATURES

- Drum Roasting
- Infrared Drum
- Multi Point Temp Reading
- Blower Speed Control
- Drum Speed Control
- Full Heat Modulation
- Roast Data Logging
- Touch Screen Control System
- Automated or Manual Roast
- Manual Safety Crank
- Electric Heating Technology
- Low Energy Consumption

**THE FZ94 EVO IS EQUIPPED WITH
FULL STATE OF THE ART
TECHNOLOGY AS STANDARD. THE
ONLY ADDITION TO THIS ROASTER
(IF DESIRED) IS THE AVIRNAKI
SMOKE ELIMINATION SYSTEM.**

THANK YOU
